PROFESSIONAL EXPERIENCE

PSM Media Agency, Chicago, Illinois

March 2015 – Present

Senior Frontend Developer (Remote)

I work as a front-end developer, responsible for developing and maintaining websites. Over time, I gained experience as a back-end developer and became proficient in administering servers using WPENGINE. I have worked on several websites, primarily for clients in the US market.

3KM - Food Delivery, Ho Chi Minh, Viet Nam

May 2022 - May 2023

Senior Mobile Developer

As the front-end developer for a 3KM home food delivery mobile application, I was responsible for building both the buyer and seller sides of the app. My responsibilities included implementing UI/UX design, integrating API, handling data from the back-end, and creating seller-side and buyer-side manipulation functions.

Pro Rea Solutions, Florida

March 2020 - March 2021

Senior Frontend Developer (Remote)

I have experience developing websites for companies using both Shopify and WordPress platforms, with a focus on WordPress. Additionally, I provide technical support to colleagues in the marketing department.

Phoenix Advertising Co. LTD, Ho Chi Minh, Viet Nam

April 2017 - Dec 2017

Frontend Developer

I specialize in coding and customizing newsletters for digital marketing projects for YouTube campaigns. Additionally, I provide spam check support to ensure the newsletters and email campaigns are delivered to subscribers' inboxes effectively.
